## DETAILED ACTION

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-3,5,7-12,27-29 and 32-36 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In regard to claims 1,7-9,11,12,27 and 32-35 it is not clear as to whether the bonding fabric is separate from the garment pad and the adhesive as a separate layer or if it s already adhered. If it is not adhered it is not clear if the adhesive is also used to adhere it to the pad during use. If it is not adhered to the pad prior to use it is not clear as to when and how it is adhered to the pad. In regard to claim 5 it is not clear as to how the selected pressure encompasses or a to what the pressure used to couple the pad to the garment would be. Claim 7 is not clear for the same reasons above. Claim 9 is also not clear for the same reasons as above. In regard to claims 10 and 11 it is not clear as to whether the tape had an original adhesive or if it is a non-adhesive tape strip. IN regard to claim 12 it is not clear as to which plane the arcuate configuration is formed. IS it in a flat plane parallel to a wearer's shoulder or perpendicular thereto. In regard to claim 27 it is not clear as to whether the pressure sensitive adhesive on the support layer is different from the adhesive in (b). Claim 28 is not clear for the same reasons as claim 3 stated above. In regard to claim 29 it is not clear as to what the selected temperature is or as to what the preferred level of temperature is. Claim 32 is

not clear for the same reasons as claim 12. Claim 33 is not clear for the same reasons as stated above in regard to claim 27. Claim 35 is not clear in regard to the plane of the arcuate configuration. It is not clear if the adhesive in (b) is the same as or in addition to the pressure sensitive adhesive in (c). Claim 35 does not include the cuts or relief gap that is the allowable subject matter. The allowable subject matter was not included in the claim upon amendment.

Claims 1-3,5,7-12,27-29 and 32-36 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

### ***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
